Kenner®

Baby Go Bye Bye™

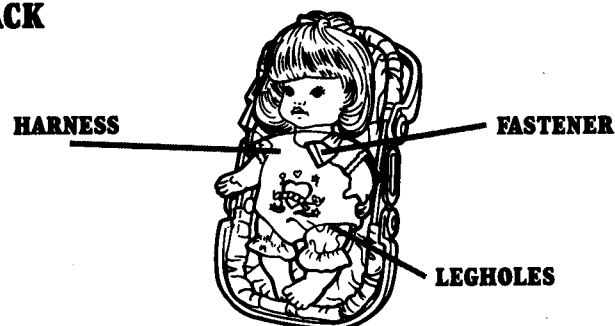

Includes doll, carrier, bottle and brush.

HOW TO CHANGE THE CARRIER

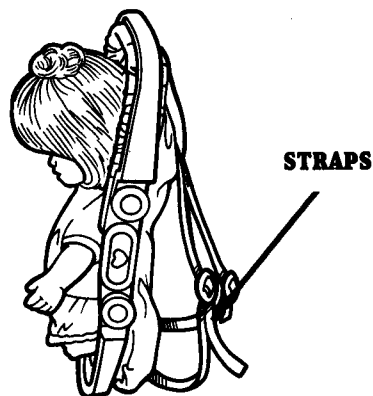

For all positions, start with carrier lying flat with inside facing up, and handles aligned with ends of carrier as shown.

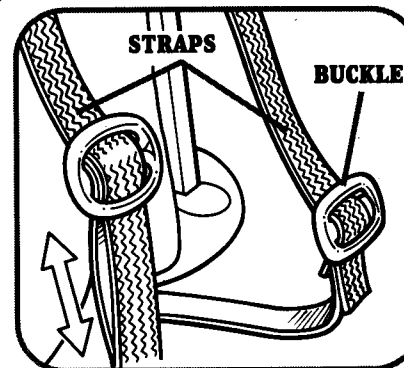

BACKPACK

To place baby in harness, undo the fabric fastener. Slip baby's legs through the legholes in the harness, and her arm through the arm hole. Fasten the fabric fastener above baby's shoulder.

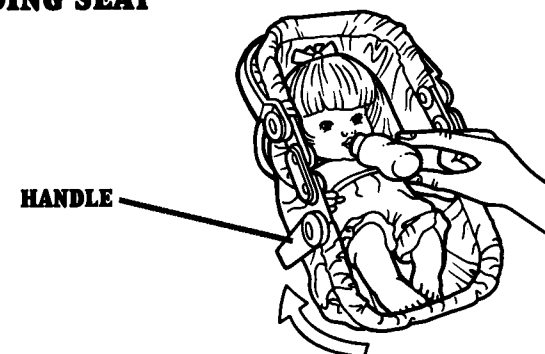

To wear backpack: Holding the carrier with baby in an upright position, slip the fabric straps around your shoulders so that the carrier rests against your back.

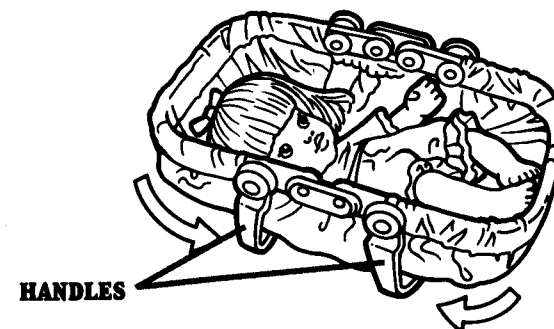

To adjust straps: To shorten strap, slide the buckle away from the end of the strap. To lengthen strap, slide the buckle toward the end of the strap.

FEEDING SEAT

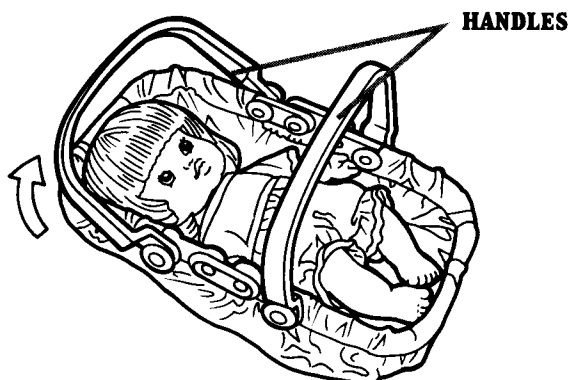

Turn carrier over and shorten the fabric straps. Turn carrier over again so that inside faces up. Swing one handle straight under seat – make sure it snaps into place. Turn the carrier on an angle with handle resting on a flat surface. Place baby in the feeding seat and give her the bottle!

BED

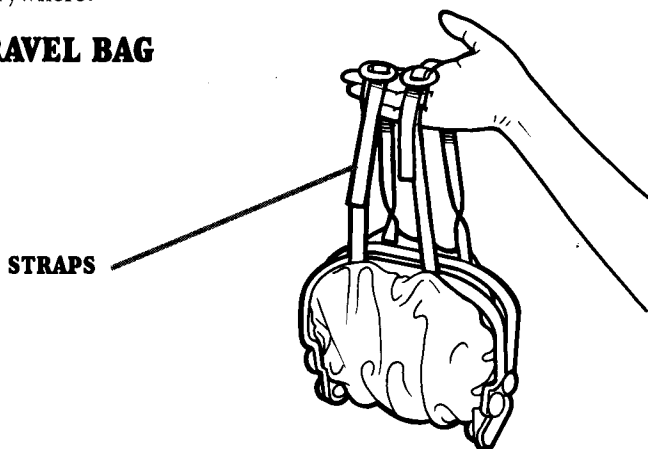

Swing both handles straight under the seat – make sure they snap into place. Stand the carrier on the handles. Place baby in the bed for a cozy nap!

CARRIER

Place baby in the carrier. Swing both handles up to carry her with you everywhere!

TRAVEL BAG

Swing the ends of the carrier up to fold the carrier in half. Slip the fabric straps up and around the carrier to create carrying straps. You can place baby's accessories in the carrier to take them with you.

HOW TO CARE FOR BABY GO BYE BYE

•Doll and carrier are surface washable only.

WE REALLY DO CARE!
