A. Four design discs (1, 2, 3, 4). B. Three ball point pens. C. One paper pad.

D. SPIROTOT® frame.

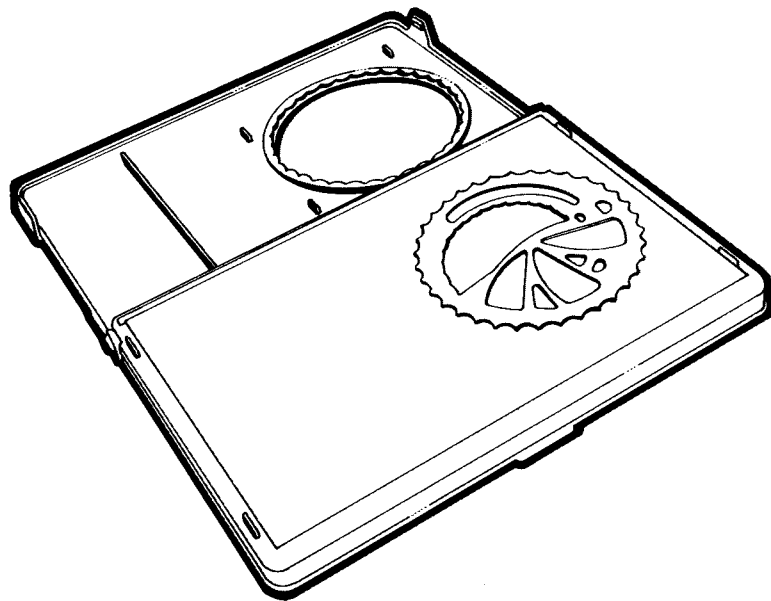

• The design discs are engineered to automatically rotate the pattern as you draw around with a pen.

LET'S DRAW A DESIGN

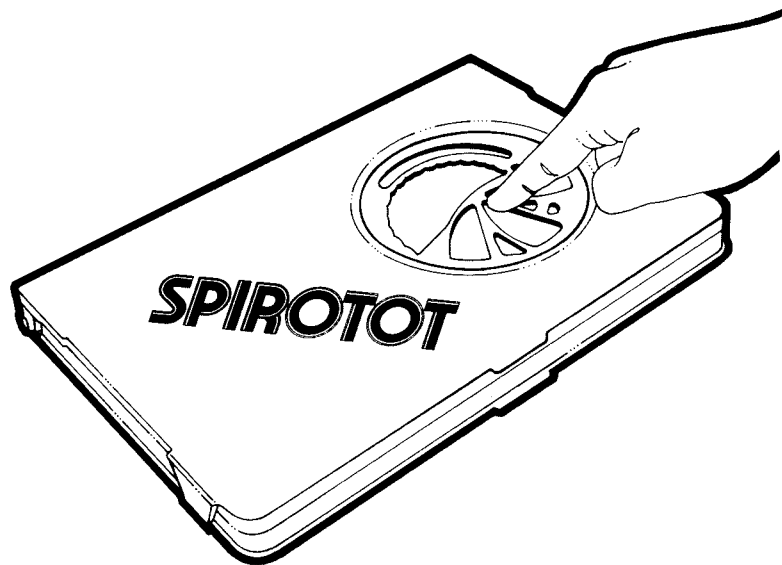

1

● Open the frame and place a piece of paper on the frame. (For take-along fun, case holds up to 12 pages of SPIROTOT® paper. Additional paper also included.)

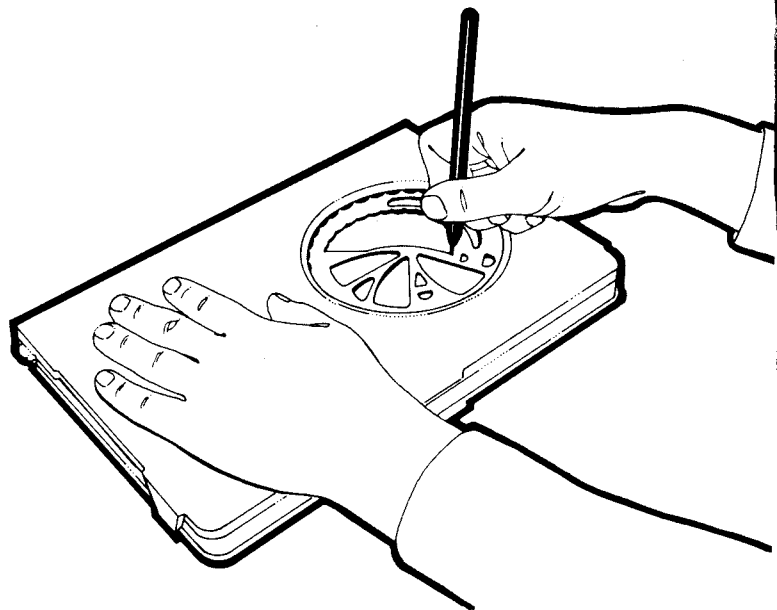

2

● Choose a design disc and place it on the paper so it appears through the circular window when the frame is closed.

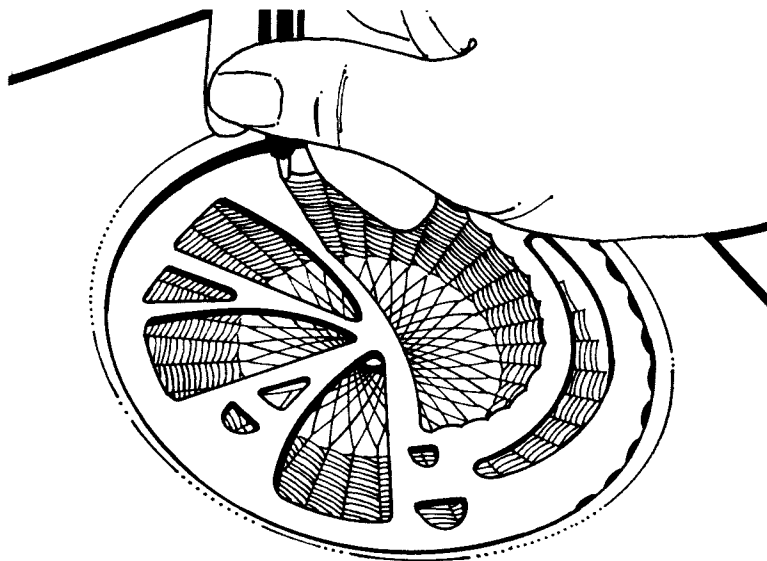

3

- Adjust the disc so it is free to move in the circular window.

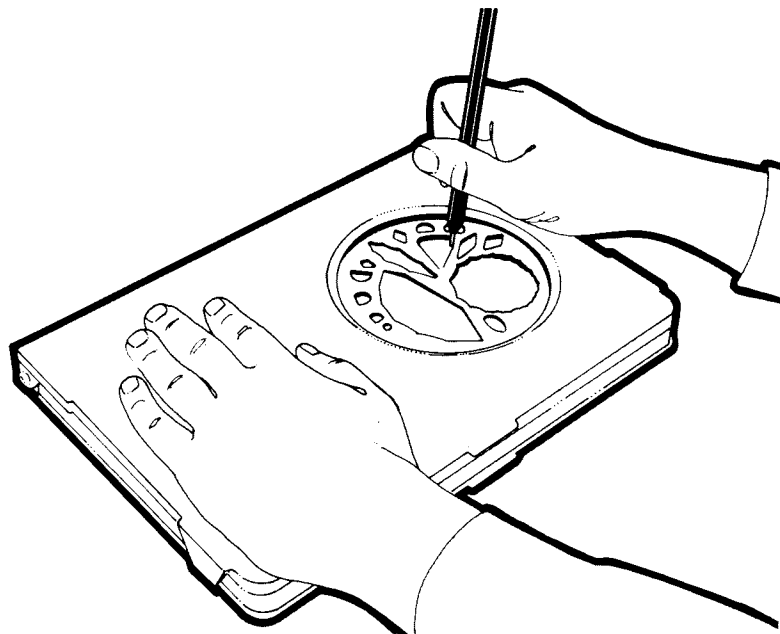

4

- Place a pen at the edge of the pattern you wish to make and start to draw.
- Hold the pen vertically to the edge of the pattern as you follow the outline of the pattern with the pen.

5

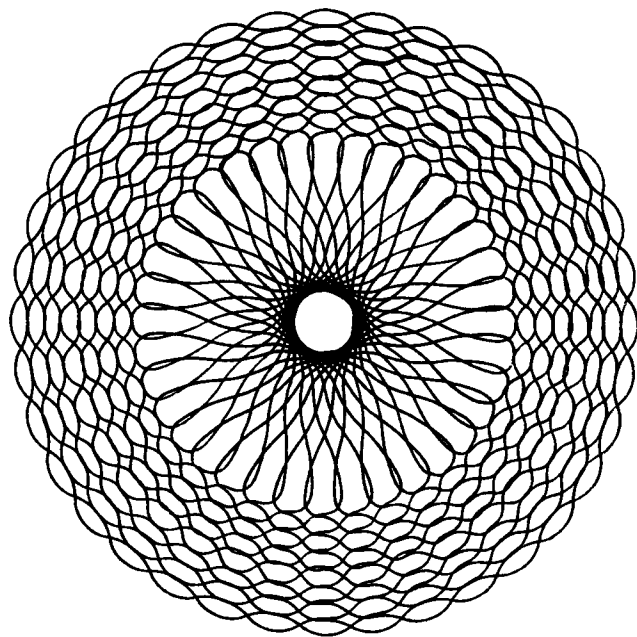

- Continue to draw until the line meets where you started.
- To complete the design, draw the pattern thirty-six times.

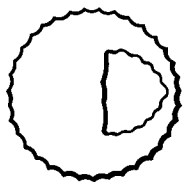

6

- To make a more complex design, choose another design in the disc and draw again.
- You may want to choose another color pen to make your design more colorful.

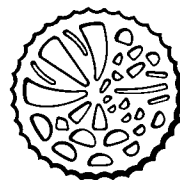

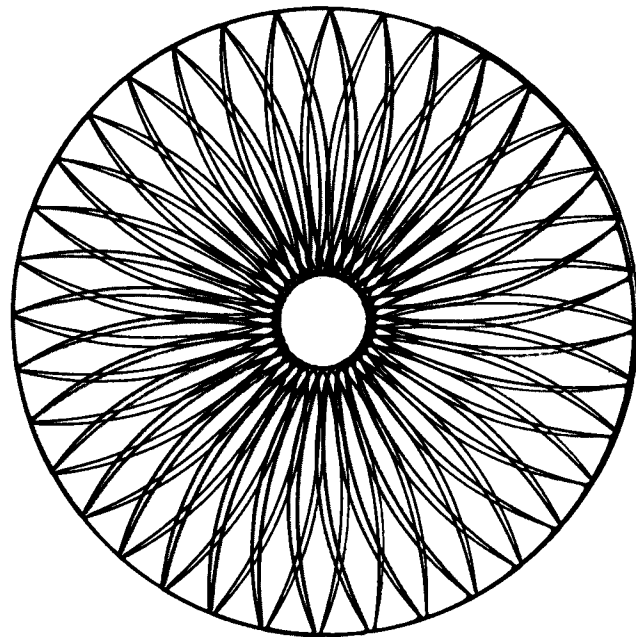

DESIGNS DRAWN WITH DESIGN DISCS

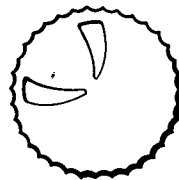

● Use design
disc No. 1.

● To make
the above
design use
the patterns
indicated.

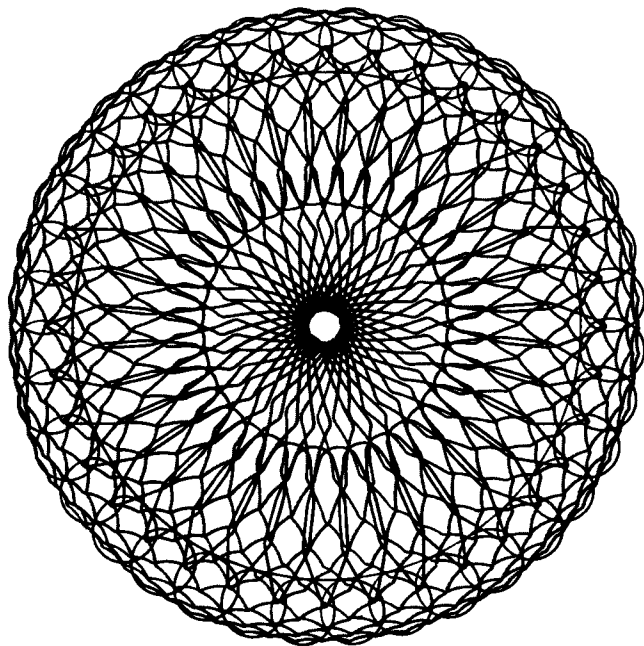

● Use design
disc No. 2.

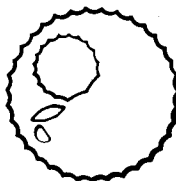

● To make
the above
design use
the patterns
indicated.
